Chairman's Message

Dear Shareholders,

I am happy to share with you that despite challenges, your Company has performed well during the financial year 2014-15. Among other achievements, the Company has achieved best ever Urea Production of 36.39 lakh MT and best ever Neem Coated Urea Production of 13.65 Lakh MT. The company has turned around during 2014-15 and has registered a profit after a gap of two years.

Before deliberating on the performance, I would like to briefly talk about the state of economy and in particular fertilizers scenario during 2014-15.

Economic Scenario & Fertilizer Industry

The last year has been a good one for the Indian economy with a sea change in the macroeconomic parameters. At a time when concerns have been raised about global growth prospects, India has emerged among a few large economies with propitious economic outlook. As the GDP growth is expected to be 7.4%, there has been a lot of positivity built around the India growth story and India seems to be poised to enjoy another spurt in growth.

The growth of Indian economy underlines the importance of improving the agriculture productivity to meet the growing demand for food to provide food security to the entire nation. The role of chemicals fertilizers in making the country self-reliant in food grain production shall remain important in boosting agricultural production and productivity.

The Government has recently announced various policies to set up new Urea plants, maximize production from the existing capacities, manufacture of fortified fertilizers, and optimization of energy consumption of the plants.

Performance Highlights

Operating in a challenging environment, your Company performed well in the year 2014-15. The Company has achieved highest ever annual production of 36.39 Lakh MT of urea with a capacity utilization of 102%. This also includes record production of Neem Coated urea of 13.65 lakh MT which is 37.51% of total urea production. The Company has also excelled on marketing front by selling 36.79 lakh MT of urea. Your Company is the second largest domestic producer of Urea with market share of 16%.

The Company achieved highest ever turnover of ₹8519.69 crore during the year. After having losses continuously for two years, the Company has been able to register the profit before tax of ₹44.72 crore.

During the year 2014-15, energy consumption at all the Units was within norms and was also lower than that achieved in the Cumulative Period Last Year. Vijapur-I achieved ever-best energy consumption of 5.75 Gcal/MT urea. In order to further reduce energy consumption at Vijapur-II, installation of Purge Gas Recovery Plant in Ammonia Plant has been undertaken. Preventive maintenance practices have been adopted for reducing the down time leading to improved energy consumption.

Manpower

The Company considers its Human Resource as its most important asset and makes sustained efforts for the development of its manpower. The Company has a manpower strength of 3798 employees as on 31.3.2015, which comprises of 1771 Executives and 2027 Non-Executives. The company is currently getting geared up for a major recruitment drive to address the serious problem of manpower scarcity arising out of superannuation of many experienced technical and other professionals.

To improve skills and to instill behavioral and personality development traits in all supervisory staff and managerial cadre, Company organized a number of training programmes (in-house as well as external) on contemporary subjects during the year. The training programmes were identified through Performance Management System by synchronizing organizational needs with individual needs. In these diverse programmes, 11560 man-days training

was imparted to employees. The Company organized specially designed training programmes for development of women employees in various areas of expertise.

Services to Farmers

To encourage balanced and efficient use of fertilizers by farmers, your Company is playing a catalytic role in transfer of improved farm technology to them through a variety of educational programmes, field demonstrations, Kisan Melas, crop seminars and farmers study tours. Farmers are provided free Mobile Soil Testing Service at their doorsteps and they are encouraged to use fertilizers based on soil test recommendations to maximize output.

During the year, your Company organized 51 farmer training programs, carried out 330 demonstrations and participated in 32 Krishi melas organized by leading Agriculture Universities. Company's soil testing laboratory was upgraded for testing of micro-nutrients also. More than 39,000 soil samples for macro-nutrients and more than 2,000 samples for micro-nutrients were analyzed and recommendations given to the farmers. Your company also successfully implemented Mobile based Fertilizer Monitoring System (mFMS) introduced by Department of Fertilizers for tracking the movement of fertilizers from the Plant/Port to the farm gate.

CSR Activities

Your Company is operating its business in a socially responsible manner by considering the wider interests of the community and environment. The Company has formed a Committee of Directors to guide the CSR activities.

The core areas identified were construction of girl's toilets in schools, soil testing and solar lights in remote villages.

Sustainable Development

Your Company has taken various initiatives in adopting best practices in environment management and energy conservation which lead to Sustainable Development. With an effort to reduce consumption of fossil fuel, efficiency of Coal fired Boilers in Nangal, Bathinda and Panipat units is being improved by using various techniques such as use of Coal additives.

The company has adopted afforestation in all the units to improve the environment surrounding the units. A total of 15652 tree saplings were planted in and around various units for sustainability of future generation.

Your Company is committed to promote ecologically sustainable growth by generating green power through Solar Power Plant and has installed 90 KW Solar Power Plant in Bathinda unit and 100 KW Solar Power Plant in Corporate Office, Noida.

Information Technology

The Company is making use of information technology in various business functions. The Company is in the process of implementing ERP to seamlessly integrate all functional areas across the company for speedy & accurate decision making. This will also bring in further transparency in all functions of the company. Further, the Company is setting up Video conferencing facility amongst Corporate Office & Plants for conducting video conferencing meetings and knowledge sharing. This will help in faster communication within organization resulting in reduction in costs and time. The company also plans to introduce video conferencing based seminars from single point for employees. Across Company, e-procurement, e-payment and e-receipt facilities are in use extensively, which has brought about efficiency and transparency in the business system.

Awards & Accolades

I am happy to share with you that your Company has received number of prestigious awards during the year in the area of Safety, Technical Innovation and Energy Conservation. To mention a few, the Bathinda and Panipat units have won a number of safety awards during the year from State and National Safety Councils. Bathinda Unit received First Prize for "Largest reduction in accident frequency rate in chemical industry for more than 5 lac man hours" from Punjab Industrial Safety Council (PISC). Vijaipur Unit received "FAI Best Technical Innovation Runner Up Award-2014". Further, Panipat Unit received First prize "National Energy Conservation Award-2014" in Fertilizer sector from Bureau of Energy Efficiency (BEE), Ministry of Power. Nangal Unit received "Skoch Renaissance Award-2014" for Ammonia Feedstock Changeover Project (AFCP) as the best project in the country.

Creating Drivers of growth

Your company is leveraging opportunities of an emerging economy that best matched its proven competencies. Towards this path, your company has formed a Joint Venture Company "Ramagundam Fertilizers & Chemicals Limited" with Engineers India Limited (EIL) and Fertilizer Corporation of India (FCIL) for setting up new state of the art gas based 2200 MTPD Ammonia plant and 3850 MTPD Urea plant at Ramagundam. Detailed feasibility report for a Capex of ₹5254 crore has been submitted to Deptt. of Fertilizers in this regard. The project is envisaged to be commissioned in the year 2018-19.

Keeping in view the demand for Bentonite Sulphur, the company is planning to put a Bentonite Sulphur Plant at Panipat.

To meet the growing demand of Water Soluble Fertilizer in the country, The Company is in the process of producing Water soluble fertilizers at Nangal Unit. The production shall, subsequently, be increased in future.

To explore the possibility of production of MoP in the country as a step towards Make in India, your Company is planning to install MoP plant by recovering potash from salt in the little Rann of Kutch. It will help in small substitution of imported MoP resulting in saving of foreign exchange.

In addition to above, your Company has taken various initiatives for energy conservation such as include Purge Gas Recovery (PGR) Plant at Vijapur-II at an investment of ₹ 29 crore.

Acknowledgements

On behalf of the Board of Directors, I extend sincere gratitude to our esteemed shareholders for their continuing confidence and support. I also wish to express my thanks to the Department of Fertilizers, Fertilizer Industry Coordination Committee (FICC), Railways, other Ministries and Departments of the Government of India and the various State Governments for their valuable guidance and look forward to their continued support.

I would like to thank Statutory, Cost and Government Auditors, Banks, Regulatory Authorities for their guidance and support. I sincerely thank all our customers and business associates for their continued support. I would like to thank all our employees for their commitment, hard work and contribution to the Company's performance.

Before I conclude, I would like to take this opportunity to thank my colleagues on the Board for their counsel, involvement and commitment in achieving the objectives of the Company.

Board Report

To,

Dear Members,

On behalf of the Board of Directors of your Company, I have the pleasure in presenting the 41st Annual Report on the business and operations of the Company together with the Audited Financial Statements for the Financial Year 2014-2015 and the Auditors' Report and comments on the accounts by the Comptroller & Auditor General of India (C&AG).

I am glad to share with all of you that your Company has turned around and performed well in the year 2014-15. The Company has achieved highest ever annual production of 36.39 Lakh MT of urea with a capacity utilization of 102%. This also includes record production of Neem Coated urea of 13.65 lakh MT, which is 37.51% of total urea production. Company has also excelled on marketing front by selling 36.79 lakh MT urea. These numbers are healthy signs for better future. During the year, Company achieved highest ever turnover of ₹8519.69 crore. After having losses continuously for two years, the Company has been able to register profit before tax of ₹44.72 crore. Your Company is the second largest domestic producer of Urea with a market share of 16%.

In order to augment the domestic urea capacity, the government is working towards the revival of closed fertilizer units. In this direction, National Fertilizers Limited (NFL), Engineers India Limited (EIL) and Fertilizer Corporation of India Limited (FCIL) have formed a joint venture company for settling of new ammonia and urea plants at the existing site of Ramagundam Fertilizer plant in Telangana. The plant having a capacity of 1.27 million tonnes per annum of urea based on natural gas as feedstock is targeted to be completed in 2018. This initiative has been taken to increase the domestic urea manufacturing capacity in the country under the "Make in India" vision of the Prime Minister.

Financial Highlights

During the year under review, the Company achieved turnover of ₹ 8519.69 crore (previous year ₹8017.03 crore). The earnings before interest, depreciation and tax (EBIDTA) were ₹ 418.64 crore (previous year ₹ 171.90 crore). The profit before tax (PBT) was ₹44.72 crore (previous year loss ₹161.16 crore) and the profit after tax was ₹26.24 crore (previous year loss ₹ 89.71 crore). There is improvement in profitability as compared to previous year mainly as attributed to impact of modified NPS Stage-III policy, increased production and sale of urea and industrial products, receipt of past subsidy arrears, efficient energy consumption, decrease in depreciation charge pursuant to Companies Act 2013 etc. However, the above increase in profitability was partially off-set by decrease in contribution of urea beyond cut-off level at Vijaipur, increase in interest on working capital loans, salary and wages

As per Income Tax Act, the liability under normal provisions of taxation is 'NIL'. Company has tax liability of ₹10.80 crore under Minimum Alternate Tax. Company has been carrying forward business loss of ₹ 234.34 crore and unabsorbed depreciation of ₹ 142.05 crore as on 31st March, 2015 available for set-off against future taxable profits. In respect of carried forward unabsorbed depreciation and business losses, Company has recognized deferred tax asset of ₹127.93 crore as on 31st March, 2015.

Operations

Production

Company during the year achieved ever best urea production of 36.39 lakh MT (101.99% of installed capacity) against 36.36 lakh MT (101.92%) in the previous year. Neem coated urea production of 13.65 Lakh MT (37.51% of total urea production) was also the highest ever.

Sales performance

During the year Company achieved urea sale of 36.79 lakh MT compared to 36.87 lakh MT of the previous year. Company achieved sales turnover of ₹ 8519.69 crore (including subsidy of ₹ 6461.14 crore) compared to ₹ 8017.03 crore of previous year (including subsidy of ₹ 6047.92 crore). The turnover of industrial products increased from ₹ 53.42 crore in 2013-14 to ₹ 105.42 crore during 2014-15.

Trading of Agricultural Products (Pesticides, Seeds, Bentonite Sulphur, Compost, Bio-fertilizers etc.)

The sale of Bio-fertilizers was ever-best at 565 MT (valuing ₹ 3.16 crore) against 539 MT (valuing ₹ 3.70 crore) of previous year. The trading in Agro Products was of ₹ 18.52 crore against ₹ 36.60 crore in the previous year. Company also sold 866 MT (₹ 2.08 crore) of Bentonite Sulphur during 2014-15 against 1930 MT (₹ 5.21 crore) of previous year.

Agri Extension

Your Company is playing a pivotal role in not only providing quality fertilizers to the farmers but also educating them on judicious use of fertilizers along with total know how on improved and scientific methods of cultivation to improve soil productivity. During the year, Company organized 51 farmer training programs, carried out 330 demonstrations and participated in 32 krishi melas organized by leading Agriculture Universities. Company's soil testing laboratory was upgraded for testing of micro-nutrients also. More than 39,000 soil samples for macro-nutrients and more than 2,000 samples for micro-nutrients were analyzed and recommendations given to the farmers.

Mobile FMS (mFMS)

The Mobile based Fertilizer Monitoring System (mFMS) introduced by Department of Fertilizer for tracking the movement of fertilizers from the Plant/Port to the farm gate has been successfully implemented by the Company.

Projects

Company has undertaken / envisaging various business development and energy saving projects, which have been discussed in the Management Discussion and Analysis Report. A brief of the projects is as below:-

Revival of Ramagundam Unit of FCIL :

NFL & EIL has undertaken the revival of Ramagundam unit of Fertilizer Corporation of India Limited (FCIL). Plant is conceived with setting up of 2200 MTPD Ammonia plant and 3850 MTPD Urea plant at the existing Fertilizer complex of Ramagundam unit of FCIL through Joint Venture (JV) route with the equity participation by NFL (26%), EIL (26%), FCIL (11%) & others (37%). Joint Venture Company has been formed with the name of M/s. Ramagundam Fertilizers and Chemicals Limited.

Use of Pet Coke at Nangal

Your Company has recently completed revamp of its three fuel oil based plants at Nangal, Panipat and Bathinda by feedstock changeover to natural gas. Due to this changeover front-end of these plants have become redundant. Considering non-availability of domestic gas and steep increase in price of RLNG, Company is examining the feasibility of utilization of the redundant section for Petroleum Coke gasification as an alternate cheaper feedstock.

Bentonite Sulphur Plant at Panipat

Keeping in view the demand for Bentonite Sulphur, Company is planning to put a Bentonite Sulphur Plant of 8000 MTPY capacity at Panipat.

Implementation of Enterprises Resource Planning (ERP)

Company is in the process of implementation of ERP across the Company, which will help to integrate all the business functions, accurate and real time consolidation, enhance efficiency and productivity of employees in addition to other

benefits like savings in inventory, improvement in sales realization, etc.

Development of container terminal at Panipat

Consequent to conversion of feed-stock from FO to NG, the extensive siding network has been rendered surplus at Panipat Unit. Company is exploring the use of surplus rail siding as container terminal.

Commercial feasibility at Kharogoda

Company plans to recover potash from salt in the little Rann of kutch. Central Salt and Marine Chemicals Institute has submitted its report for installation of 3000 MTPY at a cost of ₹ 3.82 crore. This is the first time recovery of production of MoP in the country.

Production of water soluble fertilizer at Nangal

Water Soluble Fertilizer is one of the fast growing fertilizers in the country. Nangal unit is under process of production of 10 MT of Water soluble fertilizers. The production shall be increased to 3000 MT per year.

Installation of large scale solar plant at Nangal, Panipat and Vijapur

The scheme is undertaken under National Solar Mission to promote ecologically sustainable growth. NFL is considering for installation of Mega Solar Power Plant for a total capacity of 65 MW.

Energy Conservation Projects

Company has taken various initiatives for energy conservation at its units which include:-

- (i) Purge Gas Recovery (PGR) Plant at Vijapur-II at an investment of ₹ 29 crore. Installation of Vibro Priller in Urea Prilling Tower at Panipat to improve the quality of urea.
- (ii) Hooking up of old synthesis converter (S-200) in parallel to new synthesis converter (S-300) at Bathinda and Panipat at an investment of ₹ 1.68 crore at each unit.

Human Resource Management

Company has a manpower strength of 3798 employees as on 31.3.2015, which comprises of 1771 Executives and 2027 Non-Executives. Company also promotes the employment of women. At present 212 women employees are on its roll, which is 5.58% of the total workforce. Management Discussion and Analysis Report

State of Economy & Manufacturing Industry

As per Economic Survey of India using the new estimate for 2014-15 as the base, GDP growth at constant market price is expected to be 7.4%. India has emerged among a few large economies with propitious economic outlook. Brighter prospects in India owe mainly to the fact that economy stands largely relieved of the vulnerability associated with economic slowdown, persistent inflation, elevated fiscal deficit, slackening of domestic demand, external account imbalances, etc. food-grains production for 2014-15 is estimated at 257.07 million tones. Foreign portfolios have stabilized the rupee, exerting downward pressure on long term interest rates. Growth will receive a boost from the cumulative impact of reforms, lower oil prices, likely monetary policy, easing facilitated by lower inflation and improved inflationary expectations and forecast for a normal monsoon in 2015-16.

Fertilizer Industry

Chemicals fertilizers have played an important role in making the country self-reliant in foodgrain production and continue to play a key role in boosting agricultural production and productivity. Fertilizer pricing and subsidy policies had played a catalytic role in promoting fertilizer use and growth of the fertilizer industry. Urea is a fully controlled nitrogenous fertilizer. In view of the increase in price of domestic gas, MRP of urea is equal to 25% of average cost of domestic production or imports. The balance 75% is the subsidy. Owing to Urea being a fully controlled fertilizer and partial decontrol of Phosphatic & Potassic fertilizers under NBS (Nutrients Based Scheme), has resulted in imbalanced use of primary nutrients resulting in poor soil quality and crop productivity.

The lower Urea price in international market is impacting the existing production performance. Further, delay in payment of subsidy by is seriously impacting the financials of the fertilizer producers due to additional interest cost being incurred to manage the requirements of working capital. As a result, domestic production of chemical fertilizers is not keeping pace with increasing demand leading to increased dependency on imports. In view of limited availability of domestic gas and lack of availability of raw materials for DAP, focus could be on setting up joint venture plant abroad in resource rich countries for production facilities with buy-back arrangements.

The growth in Indian fertilizer industry has been stagnant for last many years. Rather Production of Urea is marginally declined from 22.7 million tonnes in 2013-14 to 22.6 million tonnes in 2014-15. In order to reduce imports of Urea, Government is striving hard to revive the old shut down plants by putting up new plants at those locations.

A number of initiatives in terms of notification of various policies / amendments in Urea sector taken by the government recently include (i) Modified New Pricing Scheme (NPS-III) effective from 1-4-2014 to 31.03.2015 in order to address the issue of under-recoveries of the existing Urea units on account of freezing of fixed cost at the 2002-03 level. (ii) New Investment Policy 2012 n to facilitate fresh investment in the Urea sector to make India self-sufficient. (iii) New Urea Policy - 2015 effective from 1-6-2015 to 31-03-2019. Under this policy, all the Urea plants in the country have been classified in to three energy groups and their pre-set energy norms have been revised on group-wise basis for reimbursement of the subsidy with the aim to reduce energy consumption & reduce subsidy burden without increase in its retail price (MRP) (iv) Pooling of gas to Fertilizer Sector effective from 01.06.2015. This move is aimed at providing gas to the Fertilizer producers at uniform delivered price which shall help in increasing the indigenous Urea production to reduce the imports.

Further, In order to improve productivity on usage of Urea and cut down the subsidy bill, GoI has recently made it mandatory to produce 100 % production of Urea as Neem Coated Urea which is a win-win decision for the GoI as well as for the Urea Industry.

National Fertilizers

Operating in a challenging environment, National Fertilizers have performed well in the year 2014-15. The company has achieved highest ever annual production of 36.39 LMT of urea with a capacity utilization of 102%. Company has also done well on marketing front by selling 36.79 LMT of Urea, which are healthy signs for better future. There has been a significant improvement in terms of consumption of energy in all plants.

Under the New Urea Policy, 2015, which is effective from 1st June, 2015 to 31st March, 2019, all the Urea plants in the country have been classified in to three energy groups and their pre-set energy norms have been revised on group-wise basis for reimbursement of the subsidy. This Policy comes in tandem with gas pooling mechanism which is also effective from 01.06.2015 to streamline gas supplies for the fertilizer industry so that all the manufacturers will get the gas at the same price which will help the plant owners to operate plants at full capacity. New Urea policy, 2015 would make an adverse impact on Vijaipur-I & II profitability owing to tightening of energy norms. To survive after 2018 Vijaipur-I would require investment of approx. ₹350 Crore without getting any returns on it. For survival of Nangal, Panipat and Bathinda units, after the year 2018, Company would be representing to Department of Fertilizers (DoF) for considering existing set up of mix fuel of gas and coal with DFR as cost of Production is cheaper with this mix compared to Gas.

Business Organization

Company is mainly in the business of production and marketing of urea and neem coated urea. It has five Urea plants, one each at Nangal and Bathinda (Punjab), one at Panipat (Haryana) and two at Vijaipur (Madhya Pradesh). All the plants are on natural gas feedstock. Total annual urea installed capacity of the Company is 35.68 lakh MT. Company is the second largest producer of urea in the country with a share of around 16%.

Company is also engaged in the manufacturing and marketing of Neem Coated Urea and other allied industrial products like Nitric Acid, Ammonium Nitrate, Sodium Nitrite/Nitrate, etc. Company has a 600 tonnes per annum Bio-Fertilizers plant at Vijaipur, where three strains of Bio-fertilizers namely Phosphate Solubilising Bacteria (PSB), Rhizobium and Azotobacter are produced in solid as well as in liquid form.

Company has got an extensive marketing network comprising of Central Marketing Office, Zonal Offices, State Offices and Area Offices spread across 17 states and union territories. Company is trading in various agro-inputs including certified quality seeds, Bentonite sulphur, Zinc Sulphate, Agro-chemicals like insecticides/herbicides, etc.

Opportunities

- Chemical Fertilizers would continue to play a lead role in contributing to food security of the country.
- New Investment Policy (NIP –2012) in the Urea sector provides an opportunity to make investments in the sector.
- Customized fertilizers for balanced fertilization.
- Diversification in related areas.
- Company has a well-knit marketing set-up and dealer-network with significant presence in Northern and Central India. There is a big opportunity for undertaking trading of P&K fertilizers and other agro-inputs like seeds, compost, pesticides on a large scale.

Threats

- Lower import parity price of fertilizers.
- Inadequate availability of domestic gas.
- Higher cost of gas.
- Poor quality of coal.
- Inadequate subsidy budget of government.
- Imbalanced use of fertilizers.

Risks & Concerns Management perceives

- Subsidy Budget constraint with the government as delay in receipt of subsidy adversely impacts the profitability of the Company.
- Adverse Agro climatic conditions can impact the performance of the Company.
- Large scale operations in international chemical market may lead to un-remunerative prices of fertilizers and industrial products.

- Scanty rains because of Monsoon failures which affects urea off- takes resulting into high inventory and delayed realization.
- A declining crop response to application of fertilizers because of imbalanced use of plant nutrients.
- Single nutrient product base.
- Fertilizer marketing is undergoing a sea change in the emerging scenario in view of entry of new players and broadening of product portfolios.
- The average vintage of production units of the Company except Vijaipur II Unit is above 25 years, requiring regular expenditure on renewals and replacements.
- Many experienced technical and other professionals will be superannuating in the next few years. Skilled and trained manpower are being recruited to sustain the organization.

Risk Management Policy

Chemical fertilizers are hazardous and face many risks including those related to health, safety and environment in addition to general business risks. Company has put in place a Risk Management Policy, providing for periodic review of risks, procedures and strategies to minimize the same. Risks are analyzed at the highest level and efforts are made in a planned way to obviate the risks either fully or to ensure that they have minimum impact.

Positioning for the future

(a) Projects

New initiatives

Use of Pet Coke:

NFL has recently completed revamp of its three fuel oil based plants at Nangal, Panipat and Bathinda for feedstock changeover to Natural Gas. Considering non-availability of domestic gas and steep increase in price of RLNG, Company is examining the feasibility of utilization of the redundant section for Petroleum Coke gasification to use it as an alternate cheaper feedstock. Various options to use Pet-coke in redundant sections of Ammonia plants for generation of additional Ammonia / Synthetic NG are being studied with the help of M/s. EIL. Once the technology is adapted in NFL units, it may go a long way to address to the energy needs of these plants at a cheaper cost and will also increase the sustainability and competitiveness of the Company in the times to come. Feasibility study of usage of pet coke is in progress.

Bentonite Sulphur Plant at Panipat

Keeping in view the demand for Bentonite Sulphur, Company is planning to put-up a Bentonite Sulphur Plant of 8000 MTPY capacity at Panipat PDIL has been appointed as Consultant for carrying out the feasibility study.

Revival of Ramagundam Unit of FCIL :

NFL and Engineers India Limited (EIL) have undertaken the revival of Ramagundam unit of Fertilizers Corporation of India Limited (FCIL). Plant is conceived with setting up of 2200 MTPD Ammonia plant and 3850 MTPD Urea plant at the existing Fertilizer complex of Ramagundam unit of FCIL through Joint Venture (JV) route with the equity participation by NFL (26%), EIL (26%), FCIL (11%) and others (37%). Joint Venture Company has been formed with the name of M/s. Ramagundam Fertilizers and Chemicals Limited. EIL have been awarded EPCM contract. The other project activities like selection of licensor for ammonia and urea and agreement for transportation of gas are in the advance stage of finalisation. The project would be having an investment of around ₹5300 crores with a completion time of 36 months from the zero date.

Directors of NFL, EIL & FCIL after Signing of JV agreement for Revival of Ramagundam Plant

Implementation of Enterprises Resource Planning (ERP)

Company is in the process of implementation of ERP across the Company for integration of all the business functions, accurate and real time consolidation, enhance efficiency and productivity of employees in addition to other benefits like savings in inventory, improvement in sales realization, etc.

Development of container terminal at Panipat

Consequent to conversion of feed-stock from FO to NG, the extensive siding network has been rendered surplus at Panipat Unit. Use of surplus rail siding as container terminal shall be a new avenue for regular revenue generation.

Commercial feasibility at Kharogoda

Company plans to recover potash from salt in the little Rann of kutch. Central Salt and Marine Chemicals Institute would be submitting its report for installation of 3000 MTPY at a cost of ₹3.82 crores. This is the first time recovery of MoP in the country and will help in small substitution of imported MoP saving foreign exchange and a step towards Make in India.

Production of water soluble fertilizer at Nangal

Water Soluble Fertilizer is one of the fast growing fertilizer in the country. Nangal unit is in the process of production of 1.0 MT of Water soluble fertilizer. The production shall be increased to 3000 MTPY per year.

Installation of large scale solar plant at Nangal, Panipat and Vijaipur

- (i) Installation of Purge Gas Recovery (PGR) Plant at Vijaipur-II at an investment of ₹29 crores.
- (ii) Installation of Vibro Priller in Urea Prilling Tower at Panipat to improve the quality of urea.
- (iii) Hooking up of old synthesis converter (S-200) in parallel to new synthesis converter (S-300) at Bathinda and Panipat at an investment of ₹ 1.68 crores at each unit.

(b) Marketing:

Sale of other fertilizers

The present market is very competitive and in view of the globalization scenario and to exploit opportunities in the Nutrient Based Subsidy (NBS) regime, a wide marketing and dealers network spread across 17 states and a dedicated marketing team is in place. Company plans to import fertilizers like MoP, DAP for trading through its distribution network in addition to other agri-inputs under single window concept.

Improved competitiveness of production after gas pooling may help in improving the business in industrial products.

Seeds

Company has been selling substantial quantity of seeds sourced from government agencies. Keeping in view the demand and the market set-up, Company endeavour to market quality seeds of various high yield variety crops under its own brand.

Review of Performance of the Company

Production Review

During the Financial Year under review, Company achieved ever-best urea production of 36.39 lakh MT (102% of installed capacity) against 36.36 lakh MT of the corresponding period of last year (CPLY). Vijaipur-II and Bathinda Units produced additional quantity of 2.37 lakh MT and 0.49 lakh MT over the cut off capacity respectively. The Urea production also includes record production of Neem coated urea of 13.65 lakh MT which is 37.51% of the total production. Company contributed about 16% of all India urea production for 2014-15.

Energy consumption at all the Units was within norms in respect to all the plants and was also lower than that was achieved in the CPLY. Vijaipur-I achieved ever-best energy consumption of 5.75 Gcal/MT urea. In order to further reduce energy consumption at Vijaipur-II, installation of Purge Gas Recovery Plant in Ammonia Plant has been undertaken. Preventive maintenance practices have been adopted for reducing the down time leading to improve energy consumption. Bathinda Unit has achieved an on-steam efficiency of above 96% continuously for the last two years.

Technology Absorption

The coal based boilers at Panipat, Bathinda & Nangal have been revamped for use of cleaner Natural Gas as support fuel in place of fuel oil. This has eliminated use of costly fuel oil and improved reliability and emissions. To improve efficiency of boilers use of coal additives is being undertaken to improve combustion and reduce consumption of coal.

NFL has entrusted EIL to carry out study for checking the feasibility of using the old gasifiers and other equipment discarded at Nangal post revamp of Ammonia plant, for gasification of cheap Petro coke from Refinery for production of Hydrogen/Syn. Gas.

Marketing Review

Urea

During the year Company achieved urea sale of 36.79 lakh MT compared to 36.87 lakh MT of the CPLY. Company's prime business is production and sale of urea. Company achieved sales turnover of ₹ 8519.69 crores (including subsidy of ₹ 6461.14 crore) compared to ₹8017.03 crore during CPLY (including subsidy of ₹ 6047.92 crore).

Industrial Products and traded goods

The turnover of industrial products increased from ₹ 53.42 crore in 2013-14 to ₹105.42 crore during 2014-15 due to increased sale of Nitric Acid.

Turnover of traded goods was ₹18.52 crores against ₹ 36.60 of the CPLY. Company could not import & trade in MoP and DAP because of high price volatility in the international market and fluctuation in foreign exchange rate.

Human Resource

The Company considers its Human Resource as its most important asset and makes sustained efforts for the development of its manpower. Company has a well-established Human Resource Department to cater to the training needs of employees, keeping in view the changing technology and overall business environment.

During the year under review, Company achieved highest ever turnover of ₹ 8519.69 crore (including subsidy of ₹ 6461.14 crore) compared to ₹ 8017.03 crore of the CPLY (including subsidy of ₹ 6047.92 crore).

Company earned profit before tax of ₹ 44.72 crore (CPLY loss ₹161.16) crore) and profit after tax of ₹ 26.24 crore (CPLY loss ₹ 89.71 crore). The increase in profit is mainly attributed to impact of Modified NPS stage-III, reimbursement of purchase tax and marketing margin on RIL gas pertaining to previous year, decrease in energy consumption, decrease in depreciation charge pursuant to provisions of Companies Act, 2013.

The short-term borrowings of the company as at 31st March, 2015, stood at ₹5002.27 crore including cash credit utilization, short-term loans, working capital demand loan etc. (₹ 4039.19 crore as at 31st March, 2014).

For changeover of feed stock from LSHS/FO to Gas at Nangal, Panipat & Bathinda units, Rupee Term Loan of ₹ 3850 crore has been arranged from consortium of 13 Banks with SBI as a lead Bank of which ₹1540 crore was paid upto 31st March, 2015. As on 31st March, 2015 long term loan of ₹ 2310 crore was outstanding.

For Energy Saving and Urea Capacity Augmentation Project at Vijaipur-I, Urea capacity Augmentation Project at Vijaipur-II and installation of Carbon-Dioxide Recovery (CDR), long term loan was raised by way of 9.42% Secured Redeemable Non-Convertible Taxable Bonds of ₹ 100.40 crore; Buyer's credit of USD 15.68 million and External Commercial Borrowing (ECB) of USD 50 million. Out of the Buyers' Credit of USD 15.68 million, USD 15.68 million has been repaid upto 31st March, 2015. Out of External Commercial Borrowing (ECB) of USD 50 million, USD 8.50 million has been repaid upto 31st March, 2015.

Gain of ₹ 4.94 crore towards Foreign Exchange variation as on 31st March, 2015 in respect of outstanding short term liability towards supply of equipments for AFCP at Nangal, Panipat & Bathinda has been credited to Statement of Profit & Loss Account.

Impairment of Fixed Assets

In terms of Accounting Standard-28 on 'Impairment of Assets' issued by ICAI, Company is required to review the carrying amount of fixed assets on each Balance Sheet date to ascertain impairment loss, if any. In case of Nangal unit, following plants were identified as economically impaired cash generating units during the year as they are not in operation:-

1. Naphtha Modernization Phase-I (NMP)Hydrogen Plant
2. Methanol Plant

Valuation of the recoverable amount of above plants was carried out by Independent Expert as on 31st March, 2015 and in view of assessment of asset's disposable amounts of above plants being significantly more than its carrying value (WDV) in the books of Accounts as on 31st March, 2015, no adjustment is required in the Accounts for which necessary disclosure by way of note has been made in the Accounts.

During the year, Company has earned a post-tax profit of ₹ 26.24 crore., A Dividend of ₹8.34 crore (31.78 % of PAT which is ₹ 0.17 per share) has been recommended for the financial year 2014-15.

Note 1 : SIGNIFICANT ACCOUNTING POLICIES

1. SIGNIFICANT ACCOUNTING POLICIES

1.1 Basis of Preparation of Financial Statements

The financial statements are prepared on accrual basis, as a going concern, under the historical cost convention in accordance with the generally accepted accounting principles in India (GAAP) and the provisions of the Companies Act, 2013.

1.2 Use of Estimates

The preparation of the financial statements in conformity with GAAP in India requires management to make estimates and assumptions, wherever necessary, that affect the reported amount of assets and liabilities and contingent liabilities as at the date of financial statements and the amounts of revenue and expenses during the period. Actual results could differ from those estimates. Any revision to such estimates is recognized in the period in which the results are known/materialized and the effect if material, disclosed separately.

1.3 Fixed Assets

Fixed Assets are stated at cost of acquisition or construction (including Borrowing Cost) and expenses allocated wherever applicable during construction period, exchange gain/loss attributable to the asset less accumulated depreciation and impairment loss, if any.

Expenditure during construction attributable to the fixed assets incurred upto the date of commercial production is capitalized.

1.4 Impairment of Assets

An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

1.5 Borrowing Costs

Borrowing costs directly attributable to the acquisition or construction of qualifying assets are capitalized. A qualifying asset is one, which necessarily takes a substantial period of time to get ready for the intended use. Other borrowing costs are charged to revenue in the period in which these are incurred.

1.6 Depreciation/Amortization

Depreciation on fixed assets is provided as per useful life specified under Schedule II of the Companies Act, 2013 on straight-line method on historical cost. For significant part of plant & machinery, useful life based on component approach is determined on Technical evaluation basis. In respect of Plant and Machinery, Computer and data processing units residual value of five percent and rupee one in respect of other Fixed Assets is retained.

Leasehold land and buildings are amortized over the lease period. Buildings constructed over leasehold land are depreciated at the useful life specified under Schedule II of the Companies Act, 2013, where the lease period is beyond the useful life of the building.

License and process know-how having future economic benefits is amortized on straight line method over a period of ten years or licence period, whichever is less.

Software, which is not integral part of related hardware, is treated as intangible asset and amortized on straight line method over a period of five years or its license period, whichever is less.

Depreciation on Mobile Phone Handsets is provided by considering useful life as two years and retaining residual value of 5%.

Depreciation on Fixed Assets whose actual cost does not exceed five thousand rupees, are provided at the rate of 100% and residual value of Rupee one is retained.

1.7 Investments

Long term investments are carried at cost, after providing for diminution in value, if it is of a permanent nature. Current investments are valued (individually) at lower of cost and quoted/fair value.

1.8 Inventories

Raw Materials, packing materials and stores & spares, are valued at lower of monthly weighted average cost and net realizable value.

In case of stores and spares not moved for more than two years and upto five years, provision for obsolescence is made at five percent per annum (on straight line basis) and charged to revenue. In case of stores and spares not moved for more than five years/identified as surplus or obsolete, value is taken as certified by Valuers and diminution, if any is charged to revenue.

Finished and semi-finished goods are valued at lower of annual average cost inclusive of excise duty where applicable and net realizable value based on the applicable Concession/Sale Price. In warehouses carrying Finished Goods of more than one Plant, the Plant wise finished stocks are determined on first-in-first-out basis and costs worked out accordingly.

Scrap and wastes are not valued.

1.9 Foreign Currency Transactions

Transactions in foreign currency are accounted at the exchange rate prevailing on the date of the transaction.

The value of assets and liabilities in foreign currency are translated at the exchange rate prevailing at the end of the year.

Exchange Gain/Loss on conversion of foreign currency transactions is recognized as income/expense except in case of long term liability, relating to acquisition of Fixed assets where the same are adjusted to the carrying cost of such assets.

Premium incurred on foreign currency forward contracts is amortized over the period of the contract.

1.10 Employees Benefits

Contribution to Provident Fund is accounted for on accrual basis. The Provident Fund contributions are made to a Trust administered by the Company. The interest rate payable to the members of the Trust shall not be lower than statutory rate of interest declared by the Central Government under the Employees Provident Funds and Miscellaneous Provisions Act, 1952 and shortfall, if any, shall be made good by the Company. Such shortfall on account of interest, if any, is recognized in the Statement of Profit and Loss.

Provision towards Defined Benefit Schemes is made based on the actuarial valuation as at the end of the year and is charged to Statement of Profit & Loss along with actuarial gains/losses and contribution made.

1.11 Adjustments pertaining to prior period and prepaid expenditure

Income/Expenditure pertaining to prior period and prepaid upto Rupee one lakh in each case not being considered material is included under the income/expenditure of the current year.

1.12 Revenue Recognition

Revenues are recognized as per AS-9 on Revenue Recognition.

Sales include excise duty wherever applicable and are net of rebates.

Price and Freight Subsidy is recognized based on in principle recognition/ notifications received from Fertilizer Industry Coordination Committee (FICC) an office of Government of India which regulates such subsidy. Escalation/De-escalation in notified rates is estimated taking into account the effect of guidelines, policies, instructions and clarifications given by the Government. The difference, if any based on final notification

received is treated as current year income or expenditure and the effect of change in estimate, if material, is disclosed separately.

Adjustment in Price and Freight subsidy, if any, is recognised in the year of payment of subsidy.

Sale of scrap/ waste materials is recognized on disposal.

1.13 Accounting for Government Grants:

Grants and subsidies from the government are recognized when there is reasonable assurance that (i) the Company will comply with the conditions attached to them, and (ii) the grant/subsidy will be received.

Government Grants received/receivable from Government or other authorities towards capital expenditure are treated as 'Deferred Government Grants' till utilization of grant. Government Grants are accounted for on accrual basis.

Fixed Assets acquired out of capital grants are treated on the basis of income approach and are treated as deferred income and recognized in the statement of Profit & Loss over the useful life of related assets and in proportion to which depreciation on these assets is provided.

Interest subsidy received/receivable from Government for changeover of Ammonia Feed Stock Conversion Project from FO/LSHS to Gas is recognized in the statement of Profit & Loss and deducted in reporting the related expense.

1.14 Claims

Pending settlement, claims made on underwriters /railways /others as assessed by the Company on a possible realization basis are recognized at the time of lodgement.

1.15 Leases

Lease arrangements, where the risks and rewards incidental to ownership of the asset substantially vest with the lessor, are recognized as an operating lease. Lease payments/receipts under operating lease are recognized as an expense/income in the Statement of Profit and Loss on a straight-line method over the period of lease.

1.16 Deferred Tax

The deferred tax resulting from timing differences between book profit and taxable profit for the year is accounted for, applying the tax rates and laws that have been enacted or substantially enacted as on the Balance Sheet date.

Deferred tax assets are recognized to the extent there is a virtual certainty that the assets can be realized in future and are reviewed for the appropriateness of their respective carrying values at each Balance Sheet date.

1.17 Earning Per Share

Basic earning per share is calculated by dividing the net profit/loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

The Capital Grant from Govt. of India, Ministry of Chemicals & Fertilizers for Ammonia Feed Stock Conversion Project (AFCP) from 'LSHS/FO' to 'Gas' vide sanction letter no. 14016/2/2007-FP(Vol.II) (2) dated 8.02.2010 for Panipat Unit, sanction letter no.14016/2/2007-FP (Vol. II)(1) dated 8.02.2010 for Bathinda Unit and sanction letter no.14016/2/2007-FP (Vol. II)(3) dated 8.02.2010 for Nangal Unit has accrued since the conditions attached to the grant have been fulfilled by the Company. The grant has been accordingly accounted for as per para 6.1 of Accounting Standard -12 on 'Accounting for Government Grants'. The Government would make payment of the above grant over a period of 5 years from the commencement of commercial production. The actual project cost that would be reimbursed shall be admitted after scrutiny by a team constituted by Government of India. The return on own funds shall be recognized on finalisation of project cost by the Government. Pending the finalisation of Project Cost, the subsidy recoverable has been adjusted by the subsidy amount received based on notified adhoc special fixed cost rate. Adjustments, if any, on account of final settlement of LSTK (Lump Sum Turn Key) contracts and due to actual sales realization of the redundant assets discarded after conversion will be made in the year of occurrence. While arriving at the amount of grant accrued to the Company, the deduction has been made for the amount of disposable value of discarded assets, currently at the written down value of the assets concerned.

*Represents addition to fixed assets in respect of Ammonia Feed Stock Conversion Projects from 'LSHS/FO' to 'Gas' at Bathinda, Panipat and Nangal units.

- Title/Lease Deed for land acquired at Nangal (₹0.93 crore), Vijapur (₹4.36 crore), Bathinda (₹0.15 crore), Building at Scope Complex, New Delhi (₹2.07 crore) and Building at Bhopal (₹0.51 crore) are pending execution.
- Land Measuring 325.70 acres at Nangal (₹ 0.12 crore) had been symbolically possessed by the Punjab Government on 29.10.1998 without determination of consideration. Though the ownership of the entire land including 325.70 acres vests with the Company, however, the physical possession of 325.70 acres of land is with its erstwhile owners.
- Effective from 1st April, 2014, the Company has charged depreciation based on the remaining useful life of the assets as per the requirements of Schedule-II of the Companies Act, 2013. Company has adopted Useful life of 25 years as prescribed in Schedule II for Main Plant & Machinery of Ammonia and Urea plants being continuous process plants. Further the useful life of significant parts of Plant & Machinery viz Reformer Package & Instrumentation has been determined as 15 years and for Heat Exchangers, Pumps, Turbines & CO2 booster as 20 years based on technical evaluation. Consequent to this, depreciation accounted for the year ended Mar, 2015 in the financial results is lower by ₹ 49.44 Crores. In case of assets whose useful lives have ended the carrying value, net of residual value, as on 1st April 2014 amounting to ₹ 29.19 Crores (₹ 44.22 crores carrying amount less ₹ 15.03 crores deferred tax asset) has been adjusted to the opening reserves as on 1st April 2014 pursuant to the provisions of Schedule-II of Companies Act, 2013. Consequently the carrying amount of Fixed Assets is higher by ₹ 5.22 crores (₹ 49.44 crores less ₹ 44.22 crores) "
- Ammonia Feed Stock Conversion Projects from 'LSHS/FO' to 'Gas' at Bathinda, Panipat & Nangal Unit under Government's policy for reimbursement of project cost to the Company over a period of five years from the date of commercial production have been capitalised on 11th March, 2013, 28th March, 2013 and 18th July, 2013 respectively. Accordingly, Fixed assets (Gross) include assets amounting to ₹3741.36 crore (Previous Year ₹3718.93) represented by capital grant as disclosed in Note: 4 Deferred Government Grant.
- Addition to Fixed Assets during the year included expenditure during construction period (refer Note No.15)

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2015

39.1 AS-15 (REVISED): EMPLOYEE BENEFITS

39.1.1 General description of defined benefit schemes:

Gratuity	Payable on separation @ 15 days pay for each completed year of service subject to maximum of ₹10 lakh to eligible employees who render continuous service of 5 years or more.
Leave Encashment {Earned Leave (EL) and Half Pay Leave(HPL)}	Payable on separation to eligible employees who have accumulated earned leave and half pay leave. During the service period encashment of accumulated earned leave is allowed in a financial year leaving minimum balance leave of 30 days.
Post Retirement Medical Benefits (PRMB)	Mediclaim Insurance Policy available to the retiring employee and the spouse (for a cover of ₹2 lakhs per annum) after rendering 15 years of continuous service.
Post Retirement Settlement Benefits (PRSB)	Travelling and Baggage expenses payable to retiring employees for settlement at their home town.
Long Service Award (LSA)	Payable to employees on completion of specified years of service.
Legal heirs of deceased employees and disabled employees (separated) can opt for either of the following two schemes:	
Social Security Benefits (SSB)	Lump sum benefit payable for left over month of service limited to 60 month pay (maximum ₹9.00 lakhs with minimum benefits of ₹1.00 lakhs).
Employees' Family Economic Rehabilitation Scheme (EFERS)	Monthly payment along with medical and children education benefits in lieu of prescribed deposit upto the date of notional superannuation.

39.1.2 Provident Fund:

The Provident Fund contributions are made to a Trust administered by the Company. The interest rate payable to the members of the Trust shall not be lower than statutory rate of interest declared by the Central Government under the Employees Provident Funds and Miscellaneous Provisions Act, 1952.

During the year an amount of ₹ 27.54 crore (P.Y. ₹ 28.49 crore) has been charged to statement of Profit and loss towards contribution by the Company.

In terms of the guidance on implementing the revised AS-15 issued by the Accounting Standard Board of the Institute of Chartered Accountants of India, the Provident Fund Trust set up by the Company, is treated as Defined Benefit Plan since the Company has to meet the shortfall in the fund assets, if any. Further, having regard to the assets of the Fund and the Return on the Investments, the Company does not expect any deficiency in the foreseeable future. In terms of the guidance note issued by the Institute of Actuaries of India, the actuary has provided a valuation of provident fund liability and determined that there is no shortfall as at 31st March, 2015.

The funds of the trust have been invested under various securities as prescribed by regulatory authorities.

39.1.3 Other disclosures/reconciliation, in respect of defined benefit obligation are as under:

SECRETARIAL AUDIT REPORT

Annexure

FOR THE FINANCIAL YEAR ENDED 31st MARCH, 2015

{Pursuant to Section 204(1) of the Companies Act, 2013 and rule 9 of the Companies
(Appointment and Remuneration of Managerial Personnel) Rules, 2014}

To,

The Members,

National Fertilizers Limited.

I have conducted the Secretarial Audit of the Compliance of applicable statutory provisions and the adherence to good Corporate Practices by **National Fertilizers Limited** (hereinafter called NFL/the Company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the NFL's books, papers, Minute books, forms and returns filed and other records maintained by the Company and also the informations provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial period ended on 31st March, 2015 complied with the statutory provisions listed hereunder and also that the Company has proper Board- processes and Compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by NFL ("the Company") for the financial year ended on 31st March, 2015 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulation, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;
- (vi) Compliances/ processes/ systems under other applicable Laws to the Company are being verified on the basis of periodic certificate submitted to the Board of Directors of the Company.

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by the Institute of Company Secretaries of India.

(Not applicable for the Audit period).

- (ii) The Listing Agreements entered into by the Company with National Stock Exchange of India Limited and BSE Limited.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, Etc. mentioned above subject to the following observations:

(i) Observation 1:

*In terms of Proviso to Section 149 (1) read with Rule 3 of the Companies (Appointment and Qualification of Directors) Rules, 2014, also read with Clause 49 (II) (A) & (B) of the Listing Agreement, Company shall have at least one **woman director** on the Board of the Company.*

(ii) Observation 2:

In terms of Section 149 (4) & (5) read with Schedule IV (VIII) of Companies Act 2013 and Clause 49 (II)(B)(5) of listing Agreement, the performance evaluation of independent directors shall be done by the entire Board of Directors, excluding the director being evaluated and on the basis of the report of performance evaluation, it shall be determined whether to extend or continue the term of appointment of the Independent Director.

In terms of Section 178(2) of the Companies Act, 2013, the Nomination and Remuneration Committee shall carry out evaluation of every director's performance.

In terms of Section 149 (8), the company and independent directors shall abide by the provisions specified in Schedule IV. Schedule IV lays down a Code for independent directors. As per Schedule IV (VII) (1) & (3), the independent directors of the Company shall hold at least one meeting in a year, without the attendance of non-independent directors and members of management to:

- (a) *review the performance of non-independent directors and the Board as a whole.*
- (b) *review the performance of the Chairperson of the company, taking into account the views of executive directors and non-executive directors.*
- (c) *assess the quality, quantity and timeliness of flow of information between the company management and the Board that is necessary for the Board to effectively and reasonably perform their duties.*

I further report that in view of the above, the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors except of appointment of Woman Director. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Generally, adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views are captured and recorded as part of the minutes, wherever required.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

2. BOARD OF DIRECTORS

2.1 Size of the Board

The Company is a Government Company within the meaning of Companies Act, 2013 as the President of India holds 89.71% of the paid-up Share Capital. Directors include Whole Time Directors, Government Nominee Directors (Promoters Director) and Independent Directors.

2.2 Composition of the Board

The Board of Directors as on 31st March 2015 comprised of nine Directors out of whom three were Whole-time Functional Directors, Director (Marketing) Director (Technical) and Director (Finance) and three Government of India nominees and Three Independent Directors. One Government nominee was holding the additional charge as Chairman and Managing Director. Brief profile of the Directors is set-out elsewhere in the Annual Report.

The Listing Agreement with the stock exchange stipulates that where the Chairman of the Board is a non-Executive Director, at least one third of the Board should comprise of Independent Directors and in case Chairman is an Executive Director, at least half of the Board should comprise of Independent Directors. In the absence of adequate number of Independent Directors, during the year, Board's composition was not in accordance with the Listing Agreement, as may be observed from the details given below:-

Period		Composition of the Board		
From	to	Total	Independent	Others
01.04.2014	05.05.2014	9	4	5
06.05.2014	22.05.2014	8	3	5
23.05.2014	30.06.2014	7	3	4
01.07.2014	16.07.2014	6	3	3
17.07.2014	03.08.2014	7	3	4
04.08.2014	10.02.2015	9	3	6
11.02.2015	27.02.2015	9	3	6
28.02.2015	01.03.2015	8	3	5
02.03.2015	31.03.2015	9	3	6

Company has been regularly taking up the matter with the Government of India to initiate necessary steps for appointment of adequate number of Independent Directors and appointment of woman Director to ensure compliance with the Listing Agreement.

As required under Clause 49 of the Listing Agreement and Companies Act, 2013 none of the Directors is a member of more than ten committees of the Board or Chairman of more than five committees in which he/she is a member.

During the year under review, Independent Directors did not have any other material or pecuniary relationship or transactions with the Company, its promoters or management apart from receiving sitting fees, which may affect independence of judgment of the Directors.

The Company has received declaration from all the independent Directors of the company confirming that they meet the prescribed criteria of independence.

2.3 Tenure of Directors

The age limit of Chairman & Managing Director and other whole-time functional Directors is sixty years. The Chairman & Managing Director and other whole-time Functional Directors are appointed for a period of five years from the date of taking charge or till the date of superannuation or till further instructions from the Government of India, whichever event occurs earlier. Government nominee Directors representing the Department of Fertilizers, Government of India, retire from the Board on ceasing to be officials of the Department of Fertilizers, Government of India. Independent Directors are appointed on the recommendations of the Government of India usually for a tenure of three years.

2.4 Other details relating to the Board

Details regarding tenure, number of other Directorships/Committee Memberships (viz. Business Development & Strategic Planning Committee, Audit Committee and Shareholders Grievance Committee, Nomination and Remuneration Committee, Health and safety Committee, Corporate Social Responsibility and sustainable Development Committee as per SEBI's Corporate Governance Code) held by Directors during the year are tabulated below:-

FORM-B

DISCLOSURE OF PARTICULARS WITH RESPECT TO CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

1. Energy Conservation Measures

Company is committed to improve the plant performance & reduce energy consumption which is best reflected in the following:

- Nangal, Panipat & Bathinda plants have achieved ever best lowest plant energy consumption of 7.02, 7.51 and 7.11 Gcal/MT Urea respectively against DFR figures of 7.095, 7.614 and 7.48 Gcal/MT urea by sustained and efficient plant operation.
- Similarly Vijaipur I achieved ever best energy consumption of 5.74 Gcal/MT urea.
- In order to further reduce the energy consumption at Vijaipur II, installation of a Purge Gas Recovery plant in Ammonia plant has been undertaken with an expenditure of ₹ 29 crore.
- Preventive maintenance practices have been adopted for reducing the downtime leading to improved energy consumption. Bathinda Unit has achieved an on stream efficiency of more than 96% continuously for the last two years i.e. 2013-14 and 2014-15.

2. Technology Absorption

- The coal based boilers at Panipat, Bathinda & Nangal have been revamped for use of cleaner Natural Gas as support fuel in place of Fuel oil. This has eliminated use of costly F. Oil, as well as improved reliability & emissions. In order to improve efficiency of boilers, use of coal additives is being undertaken by the Units which besides improving combustion will also reduce consumption of coal.
- NFL entrusted EIL to carry out study for checking the feasibility of using an alternate cheaper energy source Pet Coke from refinery in the old Gasifiers & other equipment's discarded at Nangal post revamp of Ammonia plant.
- EIL also carried out study to find alternate utilization of the old NMP I plant at Nangal using Petcoke for production of Methanol/ alternate industrial chemicals for which detailed feasibility is being undertaken.

3. Industrial Safety, Ecology and Pollution Control:

Company remained focused towards achieving sustained energy efficient operation of its manufacturing facilities while maintaining pollution free environment and process safety by adopting a sustainable development policy.

- In an attempt to utilize non-conventional green energy, NFL has installed roof top Solar power unit of 100 KW capacity at Corporate Office in Noida and 90 KW Solar Power Plant at Bathinda.
- Afforestation has been adopted at all units for a cleaner & greener environment. During the year 15,652 trees were planted. The cumulative plantation since commencement is about 7.83 lakhs trees.
- Total four rainwater harvesting systems were installed during 2014-15. All the units are under the process of installation of more Rain Water Harvesting system towards conservation of water, generation of greenery and improving ground water table level.
- All the Units are ISO-9001-2008 certified for Quality Management System and ISO-14001-2004 certified for Environment Management System.
- All the units are implementing on-line pollution monitoring system both for emission and effluent discharge. The online monitoring is being integrated with Central and State Pollution Control Boards to have continuous monitoring.

- All the units have received OHSAS–18001 certification for Occupational Health & Safety Management System.
- All unit Safety Committee meeting are organized on regular basis to address various safety related issues in plants which includes Personal Safety, Process Safety and Safety of Assets.
- Board level Health & Safety Committee has been constituted which is meeting at regular intervals to address the Health & Safety related issues of all four units.
- Modern compliance systems such as 'International Sustainable Rating System', 'Total Quality Management' and 'Hazard & Operability Study' are being implemented to improve Process Safety.
- Efforts are being made to dispose off carbon slurry lying in NFL plants at Nangal, Bathinda and Panipat.

Research and Development (R&D)

On R&D front, Company has undertaken the application project for Urea Ammonium Nitrate (UAN) application with the help of India Agriculture Research Institute (IARI) incurring an approximate cost of ₹ 90.00 lakhs.

Foreign Exchange Earnings/Outgo

The foreign exchange earnings by way of trade margins during the year was 'NIL'. The foreign exchange outgo by way of imports and other expenses amounted to ₹ 17.60 crore.

Report on Safety, Environment and Sustainable Development

Inclusive and sustainable development is the need of the hour in view of increasing climatic changes and rising disparities in the society at large. Company has taken various initiatives in adopting best practices for health safety and environment management, energy conservation and social upliftment leading to sustainable development.

Health, Safety and Environmental Consciousness:

Company strives to achieve excellence in improving employees occupational and personal health by minimizing health hazards and providing model facilities. Company has well equipped hospitals at all the Units. In addition to that the employees have also access to specialized medical services wherever required. Employees also undergo periodic medical examinations.

Company remained focused towards achieving Sustained energy efficiency operations of its ageing manufacturing facilities while maintaining pollution free environment and process safety. All manufacturing units continue to be ISO 9001-2008, ISO 14001-2004 and OHSAS-18001 certified which indicate Company's commitment to Quality, Environment and Occupational Health and Safety.

Besides the above, all the units are under process of installation of On-line monitoring system both for effluent and emission discharge. Online monitoring system shall be integrated with Central and State Pollution Control Board in order to monitor the level of pollutants on continues basis.

Board Level Health and Safety Committee are meeting at regular intervals to address the Health and Safety issues of all the Units. Quarterly review meetings are conducted regularly at all units. Modern method and latest technologies such as 'International Sustainable Rating System', 'Total Quality Management' and 'Hazard and Operability Study' are being implemented to improve process safety.

To safeguard the plants from emergencies like Fire, Explosion and Toxic gas release, "On site Emergency Disaster Plan" and "Off site Emergency plan" are available in units. Plan aims to train people act efficiently and confidently in emergency with minimum damage to humans and asset. The procedures are regularly reviewed and updated at the Company by carrying out surprise mock drills. Performance of each mock drill is evaluated and reviewed to bring improvements in the systems. Visit of Local Authorities and central agencies such as National Disaster Management Authority are regularly conducted in order to remain updated on safety related issues in all the plants.

Efficiency of Coal fired Boilers in Nangal, Bhatinda and Panipat units is being improved by using various techniques such as use of Coal additives. This will help to reduce consumption of fossil fuel.

Afforestation has been adopted in all the units to improve the environment surrounding the units. A total of 15652 tree saplings were planted in and around various units leaving a cleaner and greener earth for future generation. The cumulative plantation since commencement is about 7.83 lakhs for all the units.

To increase the sub soil water level, all the units are under process of installation of Rain Water Harvesting system. During the year 04 rainwater harvesting system were installed in units. This would help in conservation of water, increase in underground water table and increase greenery in the surroundings.

Use of Green Power:

Government of India under Jawaharlal Nehru National Solar Mission has highlighted the objectives and action plan to be implemented over a period of time. The basic objective till 2022 is to create conditions, through rapid scale-up of

capacity and technology innovation to drive down the costs towards grid parity. The anticipated achievement of parity with coal based thermal power is expected by 2030.

Company is committed to promote ecologically sustainable growth by generating green power through Solar Power Plant and to reduce its requirement of conventional power, which are sourced out of fossil fuel. During 2014-15, Bhatinda unit installed 90 KW Solar Power Plant and similarly Corporate Office, Noida installed 100 KW Solar Power Plant to serve a part of its total power requirement. Installation of high capacity Solar Power Plant at Nangal, Bathinda, Vijaiapur and Panipat units is under active consideration of the Company. Company is under process conducting detailed assessment for the capacity of Large scale Solar Power Plant to be installed in all the units. The generated Solar Power shall be helpful for reduction in energy consumption for production of Urea and also be useful for revenue generation in addition to its contribution towards environment such as overall reduction in Carbon Di-Oxide gas.

Development of Sustainable Products:

Neem Coated Urea: NFL is a pioneer in the manufacturing of environment friendly products such as neem coated urea. During 2014-15, the total production of neem coated urea was 13.65 Lakh MT. Neem coated urea is useful for slow release of Nitrogen in soil as compared to normal urea. Further, it acts as a bio-pesticide for crops.

Manufacturing of Bio Fertilizers: Bio Fertilizers more commonly known as microbial inoculants are artificially multiplied cultures of certain soil organisms that can improve soil fertility and crop productivity. Besides accessing nutrients, bio fertilizer controls soil borne diseases and improve the soil health and soil properties. Bio Fertilizers help in effective use of Chemical Fertilizers for higher yields.

Company is currently producing three types of Bio Fertilizers in both Powder and Liquid base i.e. Rhizobium, Azetobactor and PSB. To increase the shelf life of Bio Fertilizers, NFL is gradually shifting from Powder Bio Fertilizers to Liquid Bio Fertilizers. This has resulted in less use of Lignite, which is used as a carrier for Powder Bio Fertilizer. This has also resulted in lesser use of Natural resources. During 2014-15, the sale of Liquid Bio Fertilizers is 105.76 KL and that of Powder Bio Fertilizers is 2.598 MT.

Company is under process of increasing the product variant of Bio Fertilizer by launching Zinc Soluble strains in addition to the existing strains.

Information on persons belonging to Scheduled Castes / Scheduled Tribes/ Other Backward Classes / Persons with disabilities category

Company is committed to the development of employees belonging to reserved categories. An Implementation Cell is already functional in all Units / Offices of the Company to oversee the implementation of Presidential Directives on Reservation Policy for SCs/STs. Liaison Officer of appropriate status has been appointed in each Unit/Office to ensure due compliance of orders and instructions pertaining to reservation. The programmes on implementation of Presidential Directives were held at Units from time to time and SC/ST employees were deputed for such programmes conducted by external agencies. During 2014-15, 1947 man-days training (in-house as well as external training programmes) was imparted to SC/ST employees. A statement showing representation of employees belonging to Scheduled Casts / Scheduled Tribes / backward Classes / Persons with disabilities is appended as Annexure to this report.

Details of representations of SC/ST/OBC/PWD employees as on 31st March 2015 are as follows :-

The overall reservation percentage achieved for SC category employees is 26.20 which is more than the prescribed reservation. In case of ST, the percentage achieved is 6.29%. There is a slight shortfall than the prescribed reservation because the reservation in Group 'C' and 'D' posts filled up by Direct Recruitment in the States of Punjab and Haryana where three plants of the Company are located was abolished w.e.f 1st June, 1985. For other backward classes, the reservation is 7.64%.

Procurement from Micro and Small Enterprises (MSEs) during 2014-15

Public Procurement Policy for Micro and Small Enterprises (MSEs) was notified by the Government under the Micro, Small and Medium Enterprises Development Act, 2006, mandates that at least 20% of the total annual procurement of goods and services shall be made by all Central Ministries / Departments / Central Public Sector Undertakings (CPSUs) from the Micro and Small Enterprises (MSEs). Within this mandated percentage, a sub-target of 4% procurement is to be made from MSEs owned by SC/ST entrepreneurs. CPSUs are required to set targets and disclose the achievements made thereon in their Annual Report.

NFL displays items for procurement from MSEs on Company website www.nationalfertilizers.com. All the other items which are being procured at Company units are also displayed on Company website for pre-qualification. Any party including MSEs, fulfilling the pre-requisite requirements, can submit their credentials to the Company for enlisting and pre-qualification for procurement. Company also participates in vendor development programmes for MSEs organised by various agencies.

The details of the procurements made by the Company during 2014-15 are as below:-
